

## Welcome to the soon to be Partners Bank!

HNB is becoming Partners Bank. Our new name reflects our legacy of personal connections that have allowed us to serve the citizens of East Arkansas since 1940.

We changed our name because “partners” is who we are. Whether it’s local families and farmers, businesses or the East Arkansas communities where we live and work – we are finding ways to create partnerships that make lives and the places we live better.

Partners Bank’s focus is simple: Creating opportunities for our customers and the communities where we live and work.

Our banking philosophy is just as direct: Provide our customers with simple banking solutions and a high level of personal service – all served up with southern hospitality.

Just because our name has changed doesn’t mean that we have. You will still be able to use your HNB checks, debit cards, and ATM cards until you would like to replace them or they expire.

We’re the same East Arkansas folks you have always known. We live, work and raise our families here – just like you. We are proud to have our roots in the Delta and it is our vision to make the Delta a great place to live.

Being locally owned and managed allows us to make decisions quickly, *and* to understand what is important to the people of East Arkansas. If it is important to you, then it is important to us.

Come visit one of our six locations and see how we can partner with you.
